

I have elected not to have the **optomap**[®] Retinal Exam today against the recommendation of my Doctor.

I understand the benefits of the annual **optomap**[®] Retinal Exam as:

- Fast, easy and comfortable.
- A permanent record to compare and track potential eye diseases.
- An in depth view of nearly the entire retina.
- Educational tool for your doctor to discuss your health and wellness

I understand that a widefield view of the retina is an important part of a comprehensive eye exam and that I am declining the Doctor's recommendation to obtain a comprehensive view of my retina.
